

Canada Wrap™ sets the new standard for quality, performance, and roll consistency, with our line of net wrap. Proven time and time again, our net wrap is your worry-free solution to a well-made bale. Manufactured for use in almost every baler on the market.

Canada Wrap

- UV Stabilized
- Less knots per mesh
- Left/Right indicator
- Red End of Roll Indicator
- Roll Cradles
- Roll Handles
- Length Measurement of Each Single Roll

ME+ Exclusive Technology

► **A Step Ahead for Net Wraps**
ME+ not only improves performance in the field but significantly increases ease of use and respect for the environment.

► **Thicker & Stronger chains**
Novatex ME+ mesh is made of stronger and thicker threads, ensuring higher strength and more ability to withstand repetitive handling.

► **Better cling on the crops**
The ME+ Tech ensures optimal cling on the crops. Thanks to the wider angle of the weft, the ME netwraps hook up fast and easily.

► **Mesh with fewer knots**
Knots are the critical points of any thread. Novatex ME+ netwraps have half the number of knots with respect to standard netwraps.

► **Flexible geometry**
The reduced number of tension points (knots) aid natural movement of the weft, leaving it free to stretch in width.

Canada Wrap is your worry-free solution to a well-made bale.
