

ShurTwine

Small square bales - Sisal

Small Square Twine Technology Specs

► **Length is not just a detail.**
Agri Novatex ensure for its Small Square Twines reliable and consistent performance and a longer spool length, which is clearly stated in the label.

► **Hold of the knot.**
Agri Novatex Small Square Twines ensure flawless results with every kind of knotter.

► **UV protected.**
All Agri Novatex Small Square Twines are tested for years in the North American conditions in order to guarantee perfect functionality and longer product life span.

► **Fully Tested.**
Small Square twine range fully validated by all the Major Baler Producers.

► **Perfect shaped spools.**
Agri Novatex twine packs are checked to ensure correct shape, measurements to fit easily into the baler box and a perfectly round core.

► **Fibrillation.**
Small Square Twines by Agri Novatex are treated with a special fibrillation technique which gives particular softness and knot holding.

ShurTwine medium-sized polypropylene twines for small square bales offer efficient and cost-effective solutions for baling all types of crops.

The medium range of ShurTwine is much appreciated for high strength performance, long runnage and unrivalled knot performance in order to create solid, stackable, and transportable bales every time.

SHURTWINE SISAL

Size	Colour	Spools Pallet
16000/170	GOLD	50

- Extra-long fibers for consistent troublefree baling, uniformity, and true length
- High tensile and knot strength
- Uniform consistency

Brazil's extra-long and strong fibers ensure uniform knotless twines for both square and round bales. Naturally biodegradable. Treated with all-natural linseed oil to deter rodents and insects.
