

WESTERN RAWHIDE

Western Rawhide™ sets the new standard for quality, performance, and roll consistency, with our line of net wrap. Proven time and time again, our net wrap is your worry-free solution to a well-made bale. Manufactured for use in almost every baler on the market.

WESTERN RAWHIDE

- UV Stabilized
- Less knots per mesh
- Left/Right indicator
- Red End of Roll Indicator
- Roll Cradles
- Roll Handles
- Rolls Weighed for Length Accuracy

NX Exclusive Technology

► **Medium sized mesh**
NX is a performing solution that allow to produce netwraps with reinforced and thicker threads.

► **Thicker & Stronger chains**
Novatex NX mesh is made of stronger and thicker threads, ensuring higher strength and more ability to withstand repetitive handling.

► **Better cling on the crops**
The NX Tech ensures optimal cling on the crops. Thanks to the wider angle of the weft, the ME netwraps hook up fast and easily.

► **Mesh with fewer knots**
Knots are the critical points of any thread. Novatex NX netwraps have half the number of knots with respect to standard netwraps.

► **Flexible geometry**
The reduced number of tension points (knots) aid natural movement of the weft, leaving it free to stretch in width.

Western Rawhide is the best companion for every baler.
